PERSONAL STATEMENT

I always bring a dedicated, optimistic and a collaborative mindset to all of my work. Coming from an architectural background I've grown accustomed to working to tight deadlines, high standards and on high-budget projects. Working in these conditions has allowed me to understand the importance of good time management and organisational skills, as well as the ability to think on my feet. I am excited by the prospect of applying my skillset and knowledge into the film industry, working amongst enthusiastic and hard working teams in the art department where I'll continue to be inspired and develop new skills.
